TRUTH ABOUT CIVIL TURMOIL

WHAT IS A TACT COMMITTEE? - WHO SPONSORS TACT COMMITTEES? WHAT IS THE TACT PROGRAM?

THE TACT COMMITTEES ARE ORGANIZED IN YOUR LOCAL AREA BY CONCERNED LOCAL CITIZENS FOR THE SOLE PURPOSE OF HELPING THEIR PATRIOTIC NEIGHBORS TO UNDERSTAND AND EXPOSE WHAT IS BEHIND THE RIOTS AND LAWLESSNESS OF THE SO-CALLED CIVIL RIGHTS MOVEMENT.

IS CIVIL RIGHTS UNDER ALIEN DIRECTION AND CONTROL?

Communist Organizer
Hunter Pitts O'Dell

This is the CRUCIAL QUESTION today!
For the answer YOU must look at the leaders.
ARE THESE SPOKESMEN REALLY FOR "CIVIL RIGHTS" OR - ARE THEY FOR CIVIL DISOBEDIENCE . . . AND ANARCHY?

One of the most active and traveled Civil Rights leaders is BAYARD RUSTIN. Rustin, who is best known for organizing the March on Washington in 1963 was an organizer for the Young Communist League.¹ During WWII Rustin spent 26 months in Federal Prison for draft evasion.² In 1953 he pleaded guilty to a sex perversion charge in Pasadena.³

¹ - Allen-Scott Report, 8-20-63, 2 & 3. ² - Congressional Record, 8-13-63.

There is no question that the best known spokesman for Civil Rights today is MARTIN LUTHER KING JR. He has received numerous amounts of favorable publicity thru newspapers, radio, television, and magazines. KING's former secretary and close associate is BAYARD RUSTIN.

HUNTER PITTS O'DELL, serving as a high administrative official for KING, was exposed by the 1962 Senate Internal Security Subcommittee as the Communist Party organizer for New Orleans.⁴ He was not dismissed, but merely transferred to KING's New York office.

What are the results of actions of people like KING, RUSTIN, O'DELL and others of similar background? Do their efforts lead to lawful and peaceful solutions to legitimate negro problems — or — do these methods follow Communist directives designed to create disrespect for law and encourage civil disobedience leading to rioting and to anarchy?

Were plans for the riots such as Watts, Chicago and elsewhere drawn up in Russia? Were plans included for the destruction of respect for law and order, for increasing racial friction and ultimately open warfare between races? Are we seeing today the fulfillment of this Communist strategy through civil disobedience as advocated by civil rights spokesmen?

* — American Negro Problems, by John Pogany, alias John Pepper, Representative of Moscow.

**THE FOLLOWING ARE EXCERPTS FROM AN
ADDRESS GIVEN BY J. EDGAR HOOVER**

Reprinted in the Wanderer, Nov. 11, 1965

I am greatly concerned that certain racial leaders are doing the Civil Rights movement a great dis-service by suggesting that citizens need only obey those laws with which they agree. It is reprehensible for any person to select those laws he will obey and those he will ignore.

Such defiance is a form of anarchy. It is shameful and disgraceful for persons in high authority to condone or urge the breaking of established laws . . . Civil Disobedience is not and must not become an accepted norm of behavior in a society of free men. It leads to anarchy and pre-empts all possibility of rational discussion or appeal.

No longer can respectable citizens complacently stand by while celebrity status is accorded those sick minds and corrupt souls who tamper with and ridicule our orderly process of government under law. We must choose between law and anarchy — freedom or chaos.

LEONARD PATTERSON

Subject: My Moscow Training in "Civil Riots"

Mr. Leonard Patterson joined the Communist Party in 1928, was immediately recognized as a potential "revolutionary" leader and was groomed in Communist trade schools in Cleveland, in Illinois and New York. He was then sent to Moscow as a student in the International Lenin School. While in Moscow, he received extensive indoctrination in "self-determination" and the colonial question. He was considered an expert on this subject upon graduation. His training in military tactics and revolutionary insurrectionist movements casts light on the recent lightning quick, quasi-military strikes in Harlem and Watts.

His whole story, from the details of the Moscow experience to the staged riots and protest marches in America, will not only enlighten the uninformed but will explain many of the deeper and more significant foundations that underlie the Civil Rights movement.

After going through a two-year period of dis-enchantment with the Communist Party, Patterson resigned in 1937 and subsequently helped the U. S. Senate uncover dozens of Communists within the labor unions and Government organizations.

WHAT IS A TACT COMMITTEE? - WHO SPONSORS TACT COMMITTEES? WHAT IS THE TACT PROGRAM?

THE TACT COMMITTEES ARE ORGANIZED IN YOUR LOCAL AREA BY CONCERNED LOCAL CITIZENS FOR THE SOLE PURPOSE OF HELPING THEIR PATRIOTIC NEIGHBORS TO UNDERSTAND AND EXPOSE WHAT IS BEHIND THE RIOTS AND LAWLESSNESS OF THE SO-CALLED CIVIL RIGHTS MOVEMENT.

THE BERKELEY REVOLUTION

Have the riots and lawlessness of the civil rights movement been extended to the campuses as "peace and free speech" movements?

Should we dismiss the current wave of riots, civil disobedience and draft-card burnings as simply the current generations version of goldfish swallowing?

Are the Vietnam peace marches and free speech movements grass root student protests?

Should our universities, the supposed citadels of reason, knowledge, scholarship and civilization, surrender to brute force and mob rule?

America's future is in the hands of its youth. But in whose hands are our youth?

The answers can be found in:

THE BERKELEY REVOLUTION

A 40 minute, full color sound film strip, with documentation from the report of the 1965 Calif. Senate Fact Finding Subcommittee on Un-American Activities, which states:

"Communist techniques rarely change. . . . It is fundamental . . . that the party will always exploit large mass demonstrations such as strikes, rallies, and rebellions and endeavor to transform them into class struggles. Thereafter they will propagandize, recruit, infiltrate, and consolidate their gains. It is also an old and successful Communist device to make a bold and wholly insupportable demand, and then allow a weak and indecisive opponent to claim victory by retreating ever so slightly."

Who are the hidden pipers of revolution behind the so-called "peace and free speech" movements? Are they leading young Americans into a miasma of rebellion, civil disobedience and perversion?

And if surrounded by revolutionary change, it will in turn make it easier to achieve radical change in the United States."

Brutality Really Against Police

"Today, in America, we are witnessing civilian brutality against the police, not police brutality against the citizens as the Communists are trying to make us believe. Attack and destroy the police and you conquer the people."

That was the statement made by Major Pedro Diaz Lanz, former commander in chief of Fidel Castro's air force, in Manhattan Beach Friday night.

More than 250 listened to the ex-Castroite tell of his participation in the takeover of Cuba and his subsequent awakening to the Communist plot in which

he had been unwittingly involved.

Major Lanz spoke on behalf of the South Bay TACT (Truth About Civil Turmoil) Committee.

"Over 18,000 police officers have been assaulted this year while performing their duty of upholding the law and protecting property and the innocent from mob action," he said.

"I saw it in Cuba and sadly I see it now in America. Where there is no friction among the races, the Communists will create it."

After his escape from a Cuban firing squad with his wife and children, Major Lanz testified before the Senate Internal Security Sub-Committee on July 11 and 13, 1959. He warned of the grave dangers to the United States if Castro were allowed to build and fortify a Communist dictatorship only 90 miles from the United States.

"The vilification I received from much of the mass media in the United States astounded me," he said. "Castro had been sold to the American people as Cuban George Washington. It seemed that no one in power would listen to the truth."

"Castro is a Communist. He has always been a Communist, a fact he kept well hidden in the beginning. The Cuban people were apathetic as many Americans are today."

"We see the Communists attempting their takeover in this country by inciting the innocent to peaceful demonstrations, looting, rioting and shootings."

Major Lanz related the similarity between the civil turmoil instigated by the Communists in Cuba and the racial strife and rioting in America.

"Be assured the same heavy hand of murderous Red dictatorship guides the terror in our American streets today," he said.

Burn Baby Burn

The fire next time is the rallying cry of many of the leaders of the so-called "civil rights" movement. The fire started in Harlem in 1964, spread to Watts in 1965 and a comedian-civil rights leader promises it will explode into "a hundred Watts" in 1966.

Get Whitey

Learn the Truth About Civil Turmoil from Lola Holmes, a former FBI agent who specialized in creating it while serving as a counterspy inside the Communist Party.

Every American concerned about his future and the kind of country in which his children will live must understand what is behind the civil turmoil that openly threatens "a hundred Watts" this coming summer.

CLAUDE LIGHTFOOT

One of the behind the scenes torch bearers is Claude Lightfoot. The F.B.I. had Lola Holmes testify at a government hearing in 1963 against Lightfoot, a vice president of the Communist Party, who is working to create hatred by exploiting racial tensions. Miss Holmes reveals that these criminals are exploiting millions of well-meaning but uninformed Americans in the "civil rights movement."

IS THE CIVIL RIGHTS MOVEMENT DIRECTED FROM THE KREMLIN?

For the Answer HEAR

Lola Belle Holmes

Subject

"Why I Became a Communist for the F.B.I."

Lola Holmes, a negro, devoted seven years of her life to working within the Communist Party for the F.B.I. While in the Communist Party, Miss Holmes carried out Moscow orders to gain control of the "civil rights" movement and to use it as the torch to light a fire of revolution in America.

Her energy and ability quickly propelled her into top leadership positions in the Party where she served as a national officer for the Negro Commission of the Communist Party. Lola Holmes left the Party in 1963 to testify before the Subversive Activities Control Board against Claude Lightfoot, Chairman of the Communist Party in Illinois.

Learn why this patriotic woman, who has already given seven years of her life to exposing communism for the F.B.I., is now working night and day warning her fellow Americans of the holocaust that awaits them if they do not learn of communist plans for victory in America through civil turmoil.

(Highlands-Rialto- Colton-Redlands - Fontana- Bloomington)

On June 1, 1967, Captain [redacted] Blythe Station requested assistance in identifying Hilaire duBerrier, WMA, who is scheduled to give a speech on June 7, 1967, at the Security First National Bank building, Blythe, entitled, "Truth About The Civil Turmoil In Blythe". Sponsors are well known Blythe merchants, such as [redacted] and [redacted] of the Security First National Bank, also wished to determine whether this would be an agitational or provocative speech that might disturb the citizens of Blythe. The speech was first advertised as free and open to the public, however, subsequently a price of \$2.00 is to be charged.

On 6-2-67, through a discreet phone, by the writer, information was elicited through a phone call to NO-38011, A TACT Committee Headquarters, that du Berrier had completed his Los Angeles assignment, and that any information concerning his present whereabouts and scheduled speeches could be ascertained from telephone numbered 799-5745.

Information from a confidential source, to whom TACT literature was available reflected the following concerning du Berrier: On 3-15-67, he was the speaker, sponsored by TACT Committees from Arcadia, El Monte, San Gabriel, South San Gabriel, and Temple City, at the Longden Elementary School, 9454 E. Longden Avenue, Temple City. Literature describing this talk, pictured a cemetery and graves, captioned, "Why Not Win In Viet-Nam, Killed by Russian Bullets From Russian Guns".

du Berrier is a world renowned news correspondent, with approximately 30 years experience in Far East and Asian affairs. He authored a hard-backed cover book, entitled Tragedy In Viet Nam, now being used as a handbook by interested political figures. He has been an accredited correspondent for NewsWeek, at Shanghai; has piloted courier planes between Hankow and Hanking; assisted the Free China's Underground (Chang Kai-Shek); operated a radio station; written articles for the USA concerning the Japanese invasion of Indo-China; and has spent 3 years in a Japanese Prison of War Camp. He has served in the Far East as a Special Agent for the OSS (Office of Strategic Services), and in 1955 accompanied the American Mission to the Geneva conference, at Geneva, Switzerland.

duBerrier has received citations from the Chinese National Government; decorated by the French Government for helping HESSEAU-MINGANT; and has been responsible for saving the lives of many downed American flyers.

There is no criminal record concerning duBerrier at CII.

It is to be noted that the above biographical sketch was taken from printed TACT literature.

Concerning TACT, this organization describes itself as a nationwide organization of locally sponsored committees of citizens of all races who have become alarmed at the increasing civil turmoil in our cities, on campuses, and throughout the world. TACT recognizes that injustices do exist; that many who give their moral support to the civil rights movements are good people with idealistic motives; and these observations need to be put into proper perspective.

The Inland Empire TACT Committee was formed, in their own words, "to reveal the Truth About Civil Turmoil by sponsoring speakers and films, and by distributing books and pamphlets from knowledgeable sources."

The "Youth Quake" that is destroying your children

News Reporter/Photographer

Featuring the Film **Hippies**

a color/sound documented film-strip that exposes the supposedly innocent "love ins" and true "happenings" for what they are — traps of filth and perversion for our youth.

Ken Granger

The "Hippie" movement has exploded on the American scene like a Roman candle, causing amazement, shock and concern. What is it all about? Is it merely a fad, a phase which will soon pass? Are the "Hippies" merely charming idealists, harmless kooks, or do they portend danger for you, your family, and your country? Are the "Hippies" serious when they proclaim they are the vanguard of a coming revolution in America?

Few people have the qualifications and depth of knowledge to answer these questions, as does commercial artist and professional news photographer, Ken Granger, who has chronicled the "happenings" of the "Hippies" from the Sunset Strip riots to their "sub-culture" in the notorious Haight-Ashbury district of San Francisco.

With camera in hand, Granger has seen the "Hippies" throw flowers and bricks, smoke bananas and pot, shoot crystals and "H." He has gone among them, sinking into the underground to record their true actions, beliefs and intentions. His report is not the shallow glamorization presented recently by television, magazines and the newspapers, but a factual presentation of the "Hippie" movement.

GIVE ME FOUR YEARS TO TEACH THE CHILDREN AND I

TRUTH ABOUT CIVIL TURMOIL

'E AS A PARENT?

ACTIVE IDEAS THROUGH A NEW VOCABULARY.

- 1 A "Rainy Day Woman" is a song recorded by Bobby Dylan and refers to a marijuana cigarette. Songs referring to the use of drugs, such as "Eight Miles High," "Tomorrow Never Knows," "Crystal Ships," and "Acapulco Gold," are currently being played on literally thousands of radio stations throughout the United States. Is it any wonder that known drug abuse has jumped 600% in the Southern California area in the first quarter of 1967?
- 2 "Speed" is the slang name for the drug "Methadrine," also referred to as "crystals." It is popular among the "in" crowd because they can inject this drug into the arteries and get an immediate reaction (or "flash") very similar to cocaine. Because the drug effect lasts only three hours, the "user" can go home without the parents being any the wiser. The drug destroys normal inhibitions which prevent immorality and criminality, thus "speed" kills.
- 3 The term "flower power" is a put on and a sham. The youths are being led to believe that the philosophy behind the act of sharing their flowers will bring about a world of "love" where there will be no more wars, and where people will live in peace and harmony forever. This, of course, is nothing more than the same Marxist philosophy of a Utopia that has been used for generations to deceive and capture the minds of the youth of the world.
- 4 "Turn on and vibrate" refers to the supposed fantastic sexual experiences that can be enjoyed while under the influences of LSD. In reality, LSD is usually a sexual depressant. Youths are being bombarded by this and similar slogans, not only from the "in" crowd, but also by radio, television, and newspapers. These media seek the likes of Dr. Timothy Leary, ex-Harvard professor, to expound on the alleged delights and pleasures realized while under the influence of the drug LSD. LSD is described by the Los Angeles Police Department as 200 times more active than cocaine.
- 5 "Mellow Yellow" is a cigarette made of the scrapings from inside a banana peel. The youth are being told that "mellow yellow" is a drug which produces the same effects as marijuana. They can purchase this so-called drug through the mails with complete instructions on how to smoke it to get the greatest effects. What the young person is not told is that any effects they might receive from smoking "mellow yellow" are purely psychological since the banana peels contain no known hallucinatory drug. "Mellow yellow" is designed to push the young person across the psychological barriers surrounding the use of drugs. When the real drugs are made available to him, he more readily accepts. He has tried "mellow yellow" without any ill effects; why not marijuana or LSD?
- 6 The U.P.S. stands for the "Underground Press Service" which supplies, free of charge, articles and photographs for student newspapers. Although distributed in our local junior and high schools, they are unsanctioned by the schools, thus the term "underground" newspaper. Most parents will conclude that the U.P.S. is pornographic, anti-American, anti-religious and dedicated to the destruction of our society. Your children are unwittingly being used to spread this message thinking it is the "in" thing to do.

THE SEED I HAVE SOWN WILL NEVER BE UPROOTED. Lenin

TACT Committees are organized in your community by concerned local citizens for the sole purpose of helping their neighbors understand the forces that are using our youth, our desire for peace, freedom of speech, and so-called civil rights, to pit one segment of our society against the other, in an organized effort to create civil turmoil leading to riots, destruction and lawlessness. We ask all individuals to join with us and, through education and understanding, help expose these forces that are turning America against America.

Gumaer To Make Report

David Emerson Gumaer, a youngman picked by one of America's major metropolitan police departments to infiltrate and report on subversive activities within the so-called New Left movement, will address four public audiences in the San Fernando Valley: May 14, American Legion Hall, 5320 Fallbrook Ave., Woodland Hills; May 16, Meeting Hall, 14450 Valerio St., Van Nuys; May 21, Burbank Multiple Listing Bldg., 2006 West Magnolia Blvd., Burbank; and May 23, North Hollywood Women's Club, 5629 Vine land Ave. All the programs will start at 8 p.m. His subject will be, "Demonstrations, Draft Dodging, Riots!! Legitimate Protest or Planned Subversion from the Campus?"

For two years, Gumaer posed as a dedicated member of what he calls the Communist youth apparatus — the campus based W.E.B. DuBois Clubs. Furthermore, he says, that after being accepted as a fellow revolution-ary, he successfully worked his way into the high level, national staff meetings of the DuBois Clubs, and in fact, worked in their national office in Chicago.

As an undercover operative, Gumaer explains that he was also directed to join several other youth organizations, including Students For a Democratic Society. He says he attended strategy meetings of the Trotskyite Young Socialist Alliance, the youth arm of the Socialist Workers Party, and discussed plans for revolution with a leader of the Revolutionary Action Movement (RAM). Gumaer concluded his undercover work shortly after he had served as a staff member of the National Conference For New Politics, held last September at Chicago's Palmer House Hotel, a conference that he says was completely dominated by Communist influences.

This program is one in a continuing series of lectures sponsored by the 26 San Fernando Valley Truth About Civil Turmoil (TACT) Committees.

TRUTH ABOUT CIVIL TURMOIL (TACT)

TACT is an anti-communist organization, set up as a speakers' bureau to present public lectures which attempt to show a tie-up between the civil disobedience in the civil rights and campus protest movements with international communism.

The TACT organization is formed in the nature of local neighborhood committees to present these speakers to the public in large public halls in an attempt to create an awareness in what they feel is an apathetic public.

Speakers they have presented have included former Communist Party member LEONARD PATTERSON, who was trained in the Lenin School in Russia, but who resigned from the CP after almost ten years membership in 1937; GARY ALLEN, former student at Stanford University, who participated in the anti-Vietnam war demonstrations in the San Francisco-Berkeley area in order to obtain material for future publication; Major PEDRO DIAZ LANZ, former officer in FIDEL CASTRO's air force; LOLA BELLE HOLMES, who served as a member of the Communist Party in an undercover capacity for the Federal Government; MARTIN WING JOHNSON, former member of the CP who has publicly testified before several governmental agencies and Congressional committees;

UNITED STATES FREEDOM THREATENED

DR. PAUL RUSICK

Czech by birth and American by choice, Dr. Paul Rusick lived under the organized cruelty of Nazism and the yoke of intimidation and terror later fastened on his unhappy homeland by the Communists.

As a graduate of the Medical School of Charles University in Prague, Dr. Rusick is by training a plastic surgeon. He gained prominence, however, first as a hero in the Anti-Nazi underground and then as the leader of a brilliantly conceived Anti-Communist underground which he personally organized.

Because of his connections with the U.S. Intelligence Service, Dr. Rusick soon became a marked man. Listed by the Communists as an "especially dangerous political enemy," he was arrested by secret police and condemned to death during one of the biggest public trials ever staged in Prague. But, with the death sentence temporarily set aside, Dr. Rusick engineered an amazing escape from the impenetrable Pilsen prison.

As an American citizen, Dr. Rusick now lives in Southern California. He still insists that the Reds will eventually decide to attack the United States.

PUBLIC SCHOOLS

Conflict, Strife, And Failure

■ PUBLIC EDUCATION is torn by conflict and strife. The racial tension that is tearing at the roots of our society is moving from the streets into the schools. In dozens of cities violence and other disruptions are impeding the academic process. And this may be only the beginning. In fact, we believe that public education, which is *government* education, is being destroyed by the very collectivist forces that have long been gnawing at the foundations of our free society.

Government schools have become racial and social battlegrounds. The Supreme Court decision that ordered the racial integration of all government schools simply destroyed many traditional neighborhood schools. It substituted racism — racially balanced schools — for a neighborhood school system that formerly afforded quality education to children of homogeneous social and economic background.

The result was disintegration. The white school-age population escaped by the thousands to the suburbs or sought refuge in private or parochial schools. Thus, public education in our cities became mainly Negro education.

Some of the vast exodus to suburban areas is probably motivated by racial antagonism, a lamentable if thoroughly human fact of life. However, the most compelling motive, in our judgment, is the deterioration of cultural, social, and economic homogeneity that characterizes the neighborhood schools. Any parent of any race would be alarmed about his child being forcibly taken out of his chosen neighborhood (a reflection

of cultural, social, and economic homogeneity) and bused to a school in a slum. After all, children learn as much from association with other children as from their teachers.

Some clashes are triggered by racist demands of militant Negroes for more Negro teachers and administrators, or for inflated courses in African history and culture. Some even demand teaching of the Swahili language, which is spoken by a number of aboriginal tribes in Africa. But their latest cry is for "decentralization" of city school administrations, which would give radicals in Negro communities control over predominantly black schools and thus permit realization of the objectives of black militants. A new racial segregation is emerging: black education in the cities and white education in suburbia, black administration of black schools, and white administration of white schools. As violence flares in hundreds of government schools around the country, the racial antagonism is hardening on both sides. Black radicalism and white backlash are destroying the public school system.

In many communities the racial strife is accompanied by economic radicalism on the part of teachers. They have formed collective organizations that resemble the most militant labor unions. Like the unions of teamsters and factory hands, these teacher organizations make exorbitant demands on their employers — local and state governments. When their demands are not met, thousands of teachers man the picket lines, some even threatening violence

REVOLUTION ON CAMPUS

LEGITIMATE PROTEST OR—PLANNED SUBVERSION?

David Emerson Gumaer, while working as an undercover operative for Police Intelligence, was assigned to infiltrate and report on the subversive activities of the so-called New Left movement in America. For two years he was a member of the Communist youth apparatus — the campus based W. E. B. DuBois Clubs.

Once accepted as a fellow revolutionary, Gumaer worked his way into high level national staff meetings of the Communist DuBois clubs, and in fact, worked for a time in their national office in Chicago. Having gained the confidence of DuBois leadership, he was directed by Police Intelligence to join several other left organizations, including the notorious S.D.S., Students For a Democratic Society.

Gumaer attended strategy meetings of the Trotskyite Communist Young Socialist Alliance, the youth arm of the Socialist Workers Party, and discussed revolution with the leader of the violent Revolutionary Action Movement (RAM). He was also staff member of the Communist controlled National Conference For New Politics.

His investigation revealed an incredible plot to recruit America's campus youth in a subversive movement aimed at the ultimate violent overthrow of our government.
